

Global OneSource

Global Immigration Outsourcing & Global Mobility Services

People Force International provide our clients with a full outsourced global immigration service. Clients benefit from having one point of contact for all their global immigration needs when relocating staff removing the burden of dealing with multiple suppliers.

In addition People Force International offer a full global mobility solution that can be bolted on to an individual immigration matter where necessary and includes all those aspects involved with relocating to another country. From our hubs in the UK and New Zealand and our network of experts around the world we are perfectly placed to aid our clients 24/7. Our services can be tailored to your businesses and employees individual requirements.

Visas and Immigration

- Initial assessment to determine staff eligibility to work in the designated location
- Assessments for family members to join and if required study and/or work
- Overview of process required including timeframes involved and issues to be aware of
- Fast and efficient processing of applications ready for submission to the relevant Government authorities
- Monitoring the immigration status of relocated employees with processes in place to commence extension applications if and when required
- Act as legal representatives and advisers within the UK under the sponsor licence programme
- Monthly status reports for relocated employees across global locations
