

PEOPLE FORCE CERIDIAN PARTNERSHIP

PEOPLE FORCE IS A CERTIFIED DAYFORCE IMPLEMENTATION PARTNER IN THE UK

People Force is a certified Dayforce implementation partner in the UK. People Force has many years of experience in implementing various solutions, including Dayforce, for clients across multiple sectors globally. The People Force Dayforce Practice consists of certified Project Managers and Consultants in HR, Payroll and Workforce Management.

The team, headed up by Nick Waters, has a strong operational HR, payroll and operations background which means they fully understand and appreciate the challenges that these departments face daily. People Force can also take on API integration activities through its excellent technical capabilities.

As a certified Dayforce partner, People Force can be engaged as a System Integrator or provide staff augmentation services by becoming an extension of the client's internal team during an implementation. Here is a summary of how the two engagement models differ:

SYSTEM INTEGRATOR:

- » Vendor-side Project Management
- » Subject Matter Experts in the Dayforce Solution
- » Identification of best practice approach to using Dayforce
- » Facilitate the solution workshops
- » Configure and test the solution in accordance with standard processes

STAFF AUGMENTATION:

- » Client-side Project Management
- » Subject Matter Expertise (HR, Payroll, Workforce Management, Recruitment, Performance and Learning)
- » Support with internal comms
- » Represents the internal voice on the project
- » Ensures that internal processes are identified and communicated within the solution workshops
- » Collates and cleanses the data required to be loaded into Dayforce
- » Ensures that the solution meets the client requirements through specific test case scenarios
- » Responsible for the internal roll-out of the application and user specific process training
- » Where payroll is in scope, support the parallel runs
- » Integration activities with third-party solutions

CERIDIAN

Having People Force Project Manage the implementation of Dayforce to the Airport has been an invaluable experience; not only are they very experienced with systems implementations allowing them to deal with ease at the complexities these kinds of projects bring up, they also know the Dayforce solution extremely well. This has allowed us to get the very best out of the project and has also been of great support to me and my team.

HELENA REGENT
PEOPLE MANAGER
BRISTOL AIRPORT

.....
"People Force is extremely passionate and committed to its Dayforce Practice. Having gone through the required certification and taking the steps through the enablement journey, People Force is looking forward to continuing to work with many Ceridian customers in the future. The Bristol Airport Dayforce implementation has been a huge success for us and having recently secured four further Dayforce implementations, the team is excited about the future of this practice."
